OVERVIEW

Proudly Australian made and owned since 1979

Multinail is the leading Australian manufacturer and supplier of quality metal connectors, machinery, software and services for the pre-fabricated residential and commercial timber truss industry.

Proudly 100% Australian owned and operated, Multinail employs more than 100 people across a wide range of professions and trades including boilermakers, machinists, electricians, structural engineers, design draftsman, software developers, software testers and technical writers.

We have offices in Sydney, Melbourne, Brisbane, Cairns, Kuala Lumpur (Multinail Asia), South Africa (Multinail Africa) as well as fabricators throughout Australia, New Zealand, Malaysia, Dubai and South Africa. We also export products and services throughout the world.

In addition to our major machinery and manufacturing operations in Wauchope, NSW, we have completed a second custom-designed state-of-the-art facility in Stapylton, Queensland.

Working as a true business partner, Multinail has a network of successful and professional fabricators across Australia and around the world.

In this section you can learn more about our history, our global growth, our quality and our network of fabricators.
