Quality Care with a Personal Touch

St Luke's Care is a non-denominational, not-for-profit organisation that has delivered excellence in health and aged care for 90 years.

With an unwavering commitment to health and wellbeing of the community, we are an independent organisation that balances sound commercial practices with benevolent objectives. Our philosophy: Quality Care with a Personal Touch. We're here to help.

Hydrotherapy Pool

Our large, [heated indoor pool](#) is a central part of our rehabilitation unit.

Support St Luke's

Help us make a real difference in the community.

Overview

Excellence in health care for 90 years

St Luke's Hospital had its beginnings in 1919 in a beautiful home called Trebartha in Roslyn Street, Potts Point. This large house was converted into a private hospital.

The site was later completely redeveloped with purpose-built, fully-equipped facilities and St Luke's still occupies this same site today.

For 90 years, St Luke's Hospital has maintained its commitment to its founding charter of supporting the community through a wide range of health and aged care activities. This proud tradition continues with our major hospital upgrade completed in 2009.

Today, St Luke's Hospital offers a premium 71 bed surgical, rehabilitation and medical private hospital. Our new [operating theatres](#), [short stay unit](#), [sleep disorder centre](#) and [rehabilitation facilities](#) are all evidence of our commitment to continuous improvement and innovation in response to patients' needs. We have state of the art technology throughout the hospital.

At St Luke's Hospital, the needs of our patients and doctors guide everything we do. Our caring, professional and dedicated staff offers the best in comfort, support and safety. We look forward to many more years of exceptional healthcare service to the community.
